| <b>Applications</b>          | WB                                                                                                                                                                                                                                       |
| <b>Reactivity</b>            | Human, Mouse,Rat                                                                                                                                                                                                                         |
| <b>Dilution</b>              | WB 1□500-2000                                                                                                                                                                                                                            |
| <b>Storage</b>               | -20°C/1 year                                                                                                                                                                                                                             |
| <b>Specificity</b>           | This antibody detects endogenous levels of ARL2 at Human/Mouse/Rat                                                                                                                                                                       |
| <b>Source / Purification</b> | The antibody was affinity-purified from rabbit serum by affinity-chromatography using specific immunogen.                                                                                                                                |
| <b>Immunogen</b>             | Synthesized peptide derived from human ARL2                                                                                                                                                                                              |
| <b>Uniprot No</b>            | P36404                                                                                                                                                                                                                                   |
| <b>Alternative names</b>     |                                                                                                                                                                                                                                          |
| <b>Form</b>                  | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.                                                                                                                                                                  |
| <b>Clonality</b>             | Polyclonal                                                                                                                                                                                                                               |
| <b>Isotype</b>               |                                                                                                                                                                                                                                          |
| <b>Conjugation</b>           |                                                                                                                                                                                                                                          |
| <b>Background</b>            | This gene encodes a small GTP-binding protein of the RAS superfamily which functions as an ADP-ribosylation factor (ARF). The encoded protein is one of a functionally distinct group of ARF-like genes. [provided by RefSeq, Jul 2008], |
| <b>Other</b>                 | Gene_name: ARL2 ; Protein_name: ARL2; Expression:                                                                                                                                                                                        |
