

## PO2F3 rabbit pAb antibody

| Catalog No :          | Source:   | Concentration : | Mol.Wt. (kD): |
|-----------------------|---|-----------------|---------------|
| A20054                | Rabbit  | 1 mg/ml         | 48 kD         |
| Applications          | WB,IHC,ELISA  |                 |               |
| Reactivity            | Human,Mouse   |                 |               |
| Dilution              | WB: 1/500 - 1/2000. IHC: 1/100 - 1/300. ELISA: 1/20000. Not yet tested in other applications.   |                 |               |
| Storage               | -20°C/1 year  |                 |               |
| Specificity           | PNPase Polyclonal Antibody detects endogenous levels of PNPase protein.   |                 |               |
| Source / Purification | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.   |                 |               |
| Immunogen             | The antiserum was produced against synthesized peptide derived from human PNPT1. AA range:570-619   |                 |               |
| Uniprot No            | Q8TCS8  |                 |               |
| Alternative names     | PNPT1; PNPASE; Polyribonucleotide nucleotidyltransferase 1; mitochondrial; 3'-5' RNA exonuclease OLD35; PNPase old-35; Polynucleotide phosphorylase 1; PNPase 1; Polynucleotide phosphorylase-like protein                                    |                 |               |
| Form                  | Liquid in PBS containing 50% glycerol, 0.5% BSA and 0.02% sodium azide.   |                 |               |
| Clonality             | Polyclonal  |                 |               |
| Isotype               |   |                 |               |
| Conjugation           |   |                 |               |
| Background            | polyribonucleotide nucleotidyltransferase 1(PNPT1) Homo sapiens The protein encoded by this gene belongs to the evolutionary conserved polynucleotide phosphorylase family comprised of phosphate dependent 3'-to-5'; exoribonucleases implic |                 |               |
| Other                 | Gene_name: PNPT1 ; Protein_name: Polyribonucleotide nucleotidyltransferase 1 mitochondrial; Expression: Cervix,Epithelium,Melanoma,Skin,Teratocarcinoma,Urinary bla   |                 |               |
