

## DGLA rabbit pAb antibody

| Catalog No :          | Source:  | Concentration : | Mol.Wt. (kD): |
|-----------------------|--|-----------------|---------------|
| A13562                | Rabbit   | 1 mg/ml         | 114 kD        |
| Applications          | WB,ELISA   |                 |               |
| Reactivity            | Human,Rat,Mouse  |                 |               |
| Dilution              | WB 1:500-2000 ELISA 1:5000-20000   |                 |               |
| Storage               | -20°C/1 year   |                 |               |
| Specificity           | DGLA Polyclonal Antibody detects endogenous levels of protein.   |                 |               |
| Source / Purification | The antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen.  |                 |               |
| Immunogen             | Synthesized peptide derived from human protein . at AA range: 900-980  |                 |               |
| Uniprot No            | Q9Y4D2   |                 |               |
| Alternative names     |  |                 |               |
| Form                  | Liquid in PBS containing 50% glycerol, and 0.02% sodium azide.   |                 |               |
| Clonality             | Polyclonal   |                 |               |
| Isotype               |  |                 |               |
| Conjugation           |  |                 |               |
| Background            | diacylglycerol lipase alpha(DAGLA) Homo sapiens This gene encodes a diacylglycerol lipase. The encoded enzyme is involved in the biosynthesis of the endocannabinoid 2-arachidonoyl-glycerol.[provided by RefSeq, Nov 2010], |                 |               |
| Other                 | Gene_name: DAGLA C11orf11 KIAA0659 NSDDR ; Protein_name: Sn1-specific diacylglycerol lipase alpha (DGL-alpha) (EC 3.1.1.-) (Neural stem cell-derived dendrite regulator); Expression: Brain,                                 |                 |               |
